SOLID WASTE FACILITY PERMIT

1. Facility/Permit Number:

37-AA-0902

12. Description of Facility:

2.7 mile east of Basilone gate on Basilone Road Sections 18 & 27, Township 9 South, Range 5 West, San Bernardino Base and Meridian APN #101-520-14

13. Findings:

- a) Pursuant to Public Resources Code §50001 (a)(1), this facility is a solid waste disposal facility identified and described on pages SE 32 SE 33 in the county-wide siting element, which has been approved pursuant to Public Resources Code §41721. (The 2005 5 Year Revision Final County-wide Integrated Waste Management Plan (CIWMP) was approved by the California Integrated Waste Management Board on September 20-21, 2005).
- b) This permit is consistent with standards adopted by the California Department of Resources Recycling and Recovery (CalRecycle), formally known as the California Integrated Waste Management Board. (Public Resources Code § 44010).
- c) The LEA has determined that the design and operation of the facility is in compliance with the State Minimum Standards for Solid Waste Handling and Disposal, based on a review of the October 2009 Joint Technical Document and an inspection of the facility conducted on March 3, 2010.
- d) The LEA has reviewed and considered the information, including the environmental effects of issuing this Solid Waste Facility Permit, contained in the Environmental Assessment July 2000 and the Finding of No Significant Impact dated August 19, 2002 prepared by the United States Marine Corps along with a Continued Environmental Review Statement (CERS) filed April 7 2010, and finds that there are no significant unmitigatable environmental effects arising out of the issuance of this Solid Waste Permit. The LEA will file a Notice of Determination with the County Clerk upon this issuance of this revised Solid Waste Facility Permit.

14. Prohibitions:

The permittee is prohibited from accepting any liquid waste that is less than 50% solid by weight, designated waste, or hazardous waste unless such waste is specifically listed below, and unless the acceptance of such waste is authorized by all applicable permits.

Sewage sludge may be accepted as specified in conditions contained in the most current Waste Discharge Requirements

15. In addition to the terms of this SWFP, the following documents describe the operation of this facility:

db Feet	Date		Date
Joint Technical Document	10-30-09	Waste Discharge Requirement Order # 00-54	<u>5-10-00</u>
10 po		Tentative Waste Discharge Order #R9-2010-0004	TBD
Preliminary Closure/Post Closure Plan	10-30-09	Federal Certification	1-30-09
Environmental Assessment	<u>11-98</u>
